

SlamSystem™

SPORT  
COURT®

“The quality of the equipment and hardware is impressive. This isn’t playground stuff it’s more like an NBA arena”

Built for both serious hoop action and neighborhood grudge matches. The Sport Court® **SlamSystem™** allows you to rain bank shots from all over the court, without the vibration or torque you’ll find in lesser standards. Bring your most aggressive game - the combination of its solid setback, breakaway rim, and padded steel pole have proved they can handle it.

When you decide to have a Sport Court® **GameCourt™** or **SlamSystem™** installed in your backyard, you’re doing more than purchasing the world’s finest recreation surface and equipment. You’re investing in a new family game plan—focused on a lifetime of improved health and increased family time.

Pole Pad Black  
Backboard Pad Black

**Hoop Options:**  
Professional Break-Away Rim, Standard Flex Rim

## How To Make OUR Game Court YOUR Game Court

### LIGHTING

Play a set of tennis on a cool summer night or a game of roller hockey on a brisk winter evening. Illuminate your court with light diffused directly over the court surface or over a wider playing area.

### REBOUNDER

Our Rebounder system is like a playmate who's always ready for a game. It will kick back soccer balls, tennis balls or even fastballs for the aspiring ninth-inning reliever.

### BALL CONTAINMENT

Your local Sport Court dealer carries a variety of ball containment systems that can be customized to any sport configuration.

### MULTI-NETS

One net can provide many uses on any court size. Set it at court level for tennis or pickle ball. Or, simply put it higher on the net poles for volleyball and badminton. It's perfect for both that summer picnic atmosphere and a competitive match.
