

IS IT REALLY A DREAM HOME WITHOUT YOUR OWN COURT?

Congrats on deciding to add a Backyard Game Court from Sport Court Midwest!! We are excited for your house to become the "HANGOUT HOUSE"

When choosing Sport Court Midwest, you are guaranteed trained and experienced experts providing you and your family with the most professional court design experience. We are your court designing pro from site leveling to instructions on playing games and everything in between, including base and concrete construction, surfacing and installation of highest quality, and state of the art products.

SPORT COURT TENNIS COURTS

60 x 120, 55 x 110, 50 x 105

SPORT COURT ULTIMATE DREAM COURT

50 x 80, 40 x 70, 35 x 60, 30 x 60

SPORT COURT ULTIMATE HALF COURT

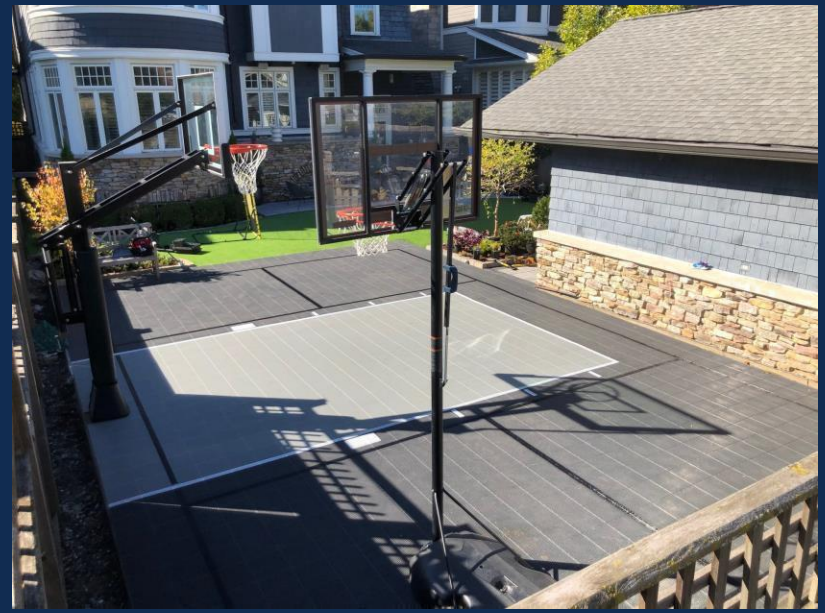

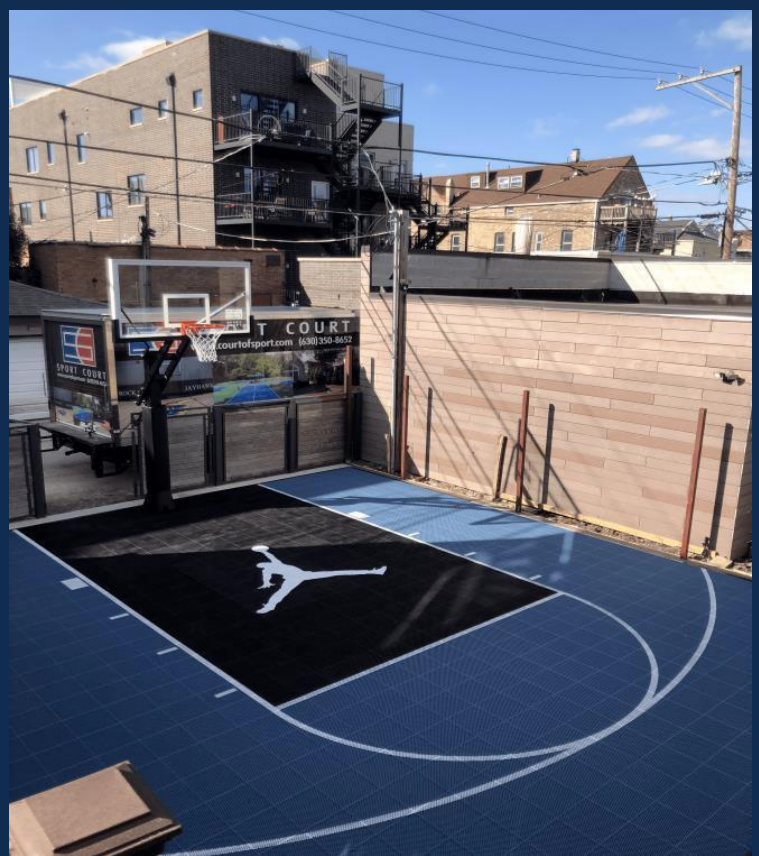

35 x 55, 30 x 50, 25 x 45

SPORT COURT ULTIMATE COMPETITOR COURT

30 x 30, 25 x 25, 25 x 20

Sport Court Featured Athletic Surfaces

Sport Court has been building backyard game courts for over 45 years, yet some “copycat” competitors now claim they’re just as good as Sport Court”. There is a reason that we have been building courts for this long and it is because of our quality products and professional installs.

Give Them the World’s Safest Outdoor Court.

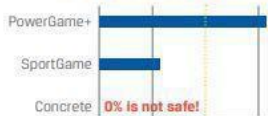

All Sport Court tiles provide exceptional protection against abrasions, head injuries and joint strain. Extensive third-party testing ensures that athletes of any age remain safe while playing and competing on Sport Court surfaces.

More Shock Absorption.

The most important safety consideration of any sports surface is shock absorption: the ability of the floor to absorb the energy of an impact. Sport Court surfaces feature patented, vertical shock-absorbing grids to reduce the risk of short- and long-term injuries.

Shock Absorption Level

As an outdoor surface with 16% shock absorption, Sport Court PowerGame+™ far exceeds minimum safety standards and meets ASTM F2772 Class 1 classification, the safety standard for indoor sports floors.

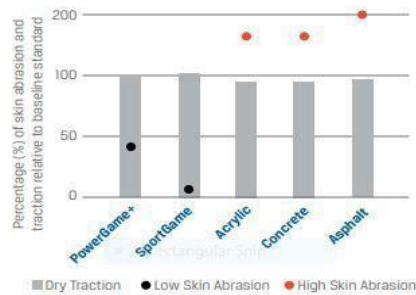

With no shock absorption, concrete is not a safe sports surface.

Lower Risk of Skin Abrasion.

Abrasions and scrapes can be common when slipping on a hard court. All Sport Court tiles feature specially designed surfaces that lower the risk of skin damage without compromising on traction.

Best Balance Between Skin Abrasion and Traction

Asphalt, concrete and acrylic are much more abrasive and will cause injuries to skin when falling.

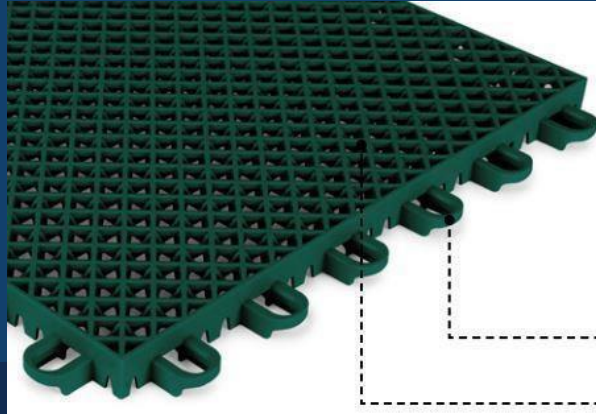

Lateral Forgiveness.™

Too much lateral movement is like trying to change direction while running on ice; you keep sliding. Not enough lateral movement can create strain on your muscles and joints. Sport Court’s Lateral Forgiveness feature allows for slight movement between tiles to absorb the transition forces generated from sudden shifts in direction, reducing the risk of muscle and joint injuries.

POWERGAME+

- Premium multi-sport modular surface
- Best-in-class UV protection from color fading
- Advanced double-tier design for the industry's highest impact protection
- New triple-action locking system doubles side-to-side locking strength
- All-new diamond grid design for fastest water drainage and lowest water retention

Size	Weight	Head Impact ASTM 1292	Traction EN 13036-4	Ball Rebound DIN 18032
12" x 12" x 0.75"	0.7 lbs	37" drop height pass	99/45 BPN (Dry/Wet)	100% ball bounce

Remarkable Durability.

Like all Sport Court outdoor surfaces, PowerGame+ requires very little maintenance. The new color technology and patented UV protection allow for the most vibrant, fade-resistant colors available. The advanced copolymer tiles are easy to clean, resist moisture and impacts, and are backed by a 15-year warranty.

Stands up to Weather. Stands up to the Sun.

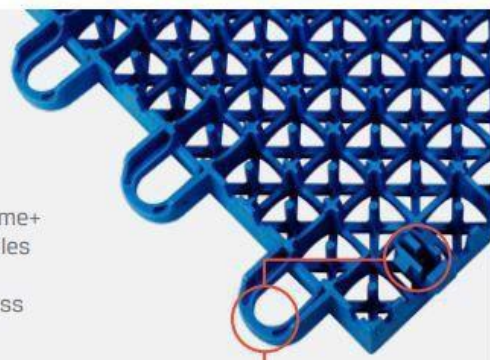

Outdoor courts face harsh conditions, including UV radiation, temperature extremes and humidity, all of which can degrade the court. Partnering with the Mississippi Polymer Institute, Sport Court developed advanced processes, materials and designs to create the best weathering resistance on the market.

Super Strong, Triple-Action Locking System.

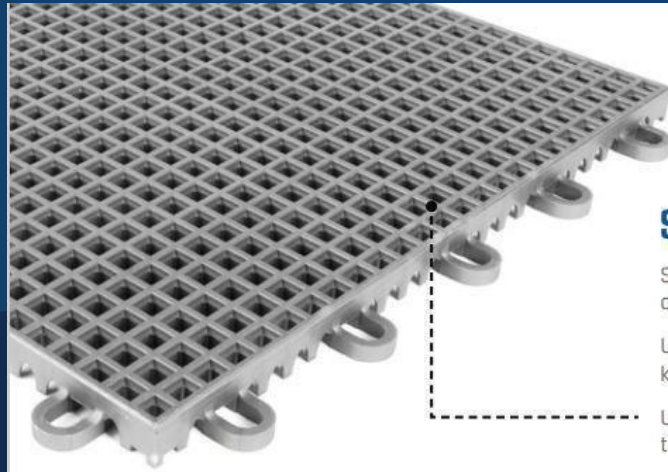

The new, triple-action locking system for PowerGame+ provides the optimal locking strength to prevent tiles from buckling or unlocking under the weight of athletes—without compromising Lateral Forgiveness or ease of installation.

- Wider, deeper connection loops
- Connects on three surfaces
- Double-wall design for strength and durability
- Unmatched side-to-side locking strength

SportGame™

Single-tier design provides playing comfort and impact protection

UV stabilizers and patented formula keeps court playable up to 180°F

Unique grid design for excellent traction and low skin abrasion

Size	Weight	Head Impact ASTM 1292	Traction EN 13036-4	Ball Rebound DIN 18032
9.842" x 9.842" x 0.5"	0.5 lbs	14" drop height pass	102/37 BPN (Dry/Wet)	99% ball bounce

Installation

Each installation is unique and based on the subfloor properties. It may include pouring a concrete slab to specification, anchoring the court and using ramp edging for safety and security. Your CourtBuilder is equipped to recommend the best solution for your facility.

Maintenance

All Sport Court outdoor surfaces require minimal cleaning and maintenance. You can clean your surface as needed, using a high-pressure hose to remove dust and dirt. Your CourtBuilder can provide a more detailed periodic cleaning and maintenance program customized to your specific site needs.

Certified Builder: Sport Court Midwest is owned by a Certified Tennis Court Builder (by the American Sports Builders Association) and is an MFMA certified and accredited wood flooring installer. Best in Class Customer Service: Since 1981 Sport Court has been building and servicing courts in the Chicagoland and MIDWEST area. That means when your court needs a tune-up or a missing part, we will have it in stock and full time service department to help you. WE WILL SERVICE ALL COMPETITORS COURTS WHEN THEY WON'T. In summary, if there's a question in your mind about who you should trust to build your gymnasium or your family's game court, trust the company that more families and more athletes the world over have put their faith in - the original - the authentic - Sport Court!

The Lowest Bidder - It's unwise to pay too much, but it is worse to pay too little... There is hardly anything in the world that someone can't make a little worse and sell a little cheaper - and people who consider price alone are this man's prey - John Ruskin (1819-1900)
